EXPERIENCE

2014 - 2020 : Ampornpaisarn School

Leadership skills

- When I was in high school, I got many leadership opportunities, whether classroom leaders, project manager, president of sport games and president of student council. Therefore, it has always given me the opportunity to cultivate my ability in the field of leadership.

CS Camp @KMITL

- I was selected to attend CS Camp organized by KMITL. That's about a computer science camp.

2020 - 2022 : KMUTNB

Mini Project

- In the second years, I had the opportunity from professor to do a mini project about the internal system development of scented candle stores. That's about Object-Oriented Programming.

President of student council

- This semester, I was elected as the president of the student council at KMUTNB. It was a good experience on the university life. Working in the student council give me a lot of experience and opportunities to make new friends.
